2M12 1410

Frome to Swindon

v1.0

Traction Class 158

TOC Great Western Railway

Route South Western Expressways / Western Mainlines

Duration 30 mins (Part 1) / 30 mins (Part 2)

Difficulty Easy (Part 1) / Medium (Part 2)

Brief

Hello driver! Welcome aboard unit 158960, which is currently standing at Frome. Today you'll be driving 2M12, the 1410 service from Frome to Swindon, calling at Westbury, Trowbridge, Melksham, Chippenham, and Swindon.

Unfortunately, you've been pathed behind a late-running freight train from Whatley Quarry, so you might be chasing yellows until Westbury! Other than that, all is running smoothly and it's a lovely day, so enjoy the ride!

In Part 1, you'll drive between Frome and Bradford Jn, calling at Frome, Westbury and Trowbridge.

In Part 2, you'll drive between Thingley Jn and Swindon, calling at Chippenham and Swindon.

Installation

- Extract the Content folder into your RailWorks directory (often at C:/Program Files (x86)/Steam/steamapps/common/RailWorks)
- Open Train Simulator and enjoy!

Feel free to mess around with this scenario and do whatever you want with it! Just remember to link back to my site if you use it so that others can enjoy it too!

Since this is just a copy-and-paste job, installing this scenario shouldn't break your computer - but if it does I'm not responsible!
